

# PINQ: Exceptions & Investigations, Billing & Charges

PINQ

PINQ from syracom is a modular solution developed specifically by banks for banks to manage Exceptions & Investigations as well as Charges and Corporate Billing. Each module can be used independently or combined into an integrated solution. The PINQ solution is ISO20022 compliant, ready to use and easy to configure.

## THE ADVANTAGES WITH PINQ

### PRACTICAL

A solution developed specifically by banks for banks, enabling them to invest and grow easily thanks to PINQ's modularity.

### FUTURE PROOF

PINQ is designed for today's requirements and is ready for the requirements of tomorrow. Ensuring market compliance whilst enabling business competitiveness.

### PROVEN PARTNER

With the PINQ solution and the syracom expertise banks can transform their business to meet today's complexities.

### FEATURE RICH

Moving from a manual to an automated process enables a feature rich solution to really add value to ancient processes.

### COST EFFECTIVE

Using the PINQ platform makes it very cost effective to add other features, formats, processes and modules.

### PROFIT OVER COST

Reduce risk, improve client satisfaction, add value, free up staff from manual processes all means increased profit.

## ABOUT SYRACOM

With more than 25 years of Banking and comprehensive IT expertise, we develop future-proof solutions. As a long-term partner, we support our customers in their digital transformation journeys from planning to successful implementation.

## BENEFITS TO YOU

- Our clients are our partners
